

ISSUE 4 –April

Flu shots have arrived!

Our annual flu vaccinations are here! To schedule your appointment, please reach out to reception. Flu shots are priced at \$20 for those not eligible for government-funded vaccines.

Self-collection now available for Cervical Screening

Self-collection is quick and easy. You will be given a swab to collect a vaginal sample and will be given a private space to collect your sample, such as a bathroom.

If you have any questions or would like to book in for your test, feel free to call the clinic on **8680 3845**

Welcome to Issue 4 of the Dr Dan's Medical Clinic Newsletter.

Dear valued patients,

I am absolutely thrilled to announce we recently celebrated our fourth birthday. It's been an incredible journey of growth, filled with both triumphs and challenges.

Finally opening our doors to new patients has been an immense highlight for me. I am truly grateful for the opportunity to extend our care to more individuals in need.

A heartfelt thank you goes out to our exceptional staff, our dedicated patients, and our supportive community. Your continued trust and support have been invaluable.

Warm regards, Kayla – Office Manager

Warning signs of a heart attack

Pain, pressure or lightness in one or more of these areas:

Chest

Arm/s

Shoulder/s or Back

Neck or Jaw

You may also feel:

Short of breath

Dizzy

Sweaty

Sick

If you experience any of these symptoms, please call 000. <https://www.heartfoundation.org.au/your-heart/heart-attack-warning-signs>

Are you over 75? Discuss booking in a health assessment with one of our friendly nurses!

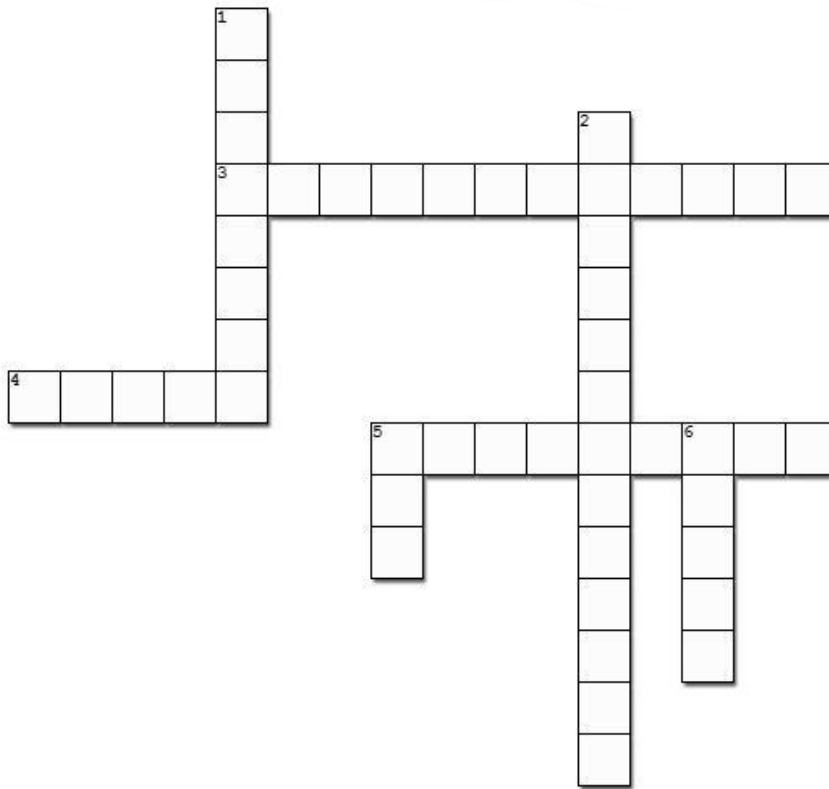

A health assessment is an in-depth assessment of a patient aged 75 years and over. These assessments aim to identify preventable health issues, recommend interventions, and improve overall well-being.

Key components include history-taking, examinations, recommendations, patient education, and record-keeping.

Specific assessments cover blood pressure, medication, continence, immunization status, physical and psychological functions, social support, and potential community service needs.

This assessment is to be completed annually by our nursing team.
